What is PubMan?

The screenshot displays the eSciDoc PubMan interface. On the left, there is a sidebar with the logo, navigation links like 'START BASKET (0)', and a search box. The main content area shows search results for '6387 Items found (descending sorted by Modification Date)'. The results are listed in a table with columns for checkboxes, titles, 'More' links, and metadata (Creators, Dates, Genre, Files, Locators). Below the search results, there is a section titled 'Organizations' with a list of partner institutions, each with a plus icon and a description link.
