Status und Aufwandseinschätzung

Status der Anforderungen:

- has to be specified -> Die Spezifikation muss noch erstellt werden
- in specification -> Die Spezifikation ist in Arbeit
- specified -> Die Spezifikation ist abgeschlossen
- in preparation for implementation -> Die Spezifikation ist den Entwicklern vorgelegt worden
- in implementation -> Die Entwickler arbeiten an der Implementierung der neuen Funktionalität
- implemented -> Die Implementierung ist abgeschlossen, wurde aber noch nicht getestet
- in testing phase -> Die Funktionalität wird derzeit getestet
- in dependency -> Die Umsetzung dieser Funktionalität hängt von weiteren Faktoren ab

Wie “groß” ist jede einzelne Funktionalität?

Effort Definitions:

-  = medium effort (more than two weeks, up to one month)
-  = big effort (more than one month, up to two months)
-  = very big effort (more than two months)
- not calculable = effort is not calculable due to dependency
